

Class Cancellation by Professor

A professor who must cancel a class should notify the Faculty Support Services Office as soon as possible. The Faculty Support Services Office will post class cancellations on the class assignment boards outside of the Administration Building, on the student e-mail, and on the class cancellation hotline (727-562-7816). When cancellations occur within a few hours of the class time, a notice also will be posted on the classroom door.

Administrative policy enacted February 20, 2003.
